ATHLETIC LEADERSHIP 11/12 STUDENT APPLICATION PACKAGE

COURSE OVERVIEW

What is Athletic Leadership?

The Athletic Leadership course provides senior students with the opportunity to learn about themselves and develop their leadership skills by working with younger students in a PE class. *Athletic Leadership students may also work with Centennial sports teams in a manager role.*

Why would I apply?

If you are interested in a career or hobby that requires you to work with people in a sports setting, then you should apply!

Am I eligible?

Students must have a strong command of the material in the course they are peer tutoring, show an interest in the area of study AND demonstrate that they possess the basic habits necessary to be an effective role model through positive teacher references, good attendance and responsible communication with the course coordinator.

COURSE STRUCTURE

The Athletic Leadership course consists of **two** important components:

1. PRACTICAL EXPERIENCE

Students will be assigned to work with a specific class and teacher for one period each day for the entire semester. As a peer tutor, you are expected to be a positive role model. Peer tutors will have the opportunity to work one on one with students and will be assessed by their host teacher for their contributions in the host classroom. Students may have the option of managing sports teams, working on Centennial Athletics Social Media platforms, or organizing home games and tournaments at Centennial instead of peer tutoring a PE class.

2. INDEPENDENT ASSIGNMENT COMPLETION

Students will be expected to complete responses, assignments and logs based on readings and their experience in the classroom. The majority of this work must be done outside of class time. Assignments will be assessed by Mr. Kevin Comeau.
