

# HOW TO HAVE A POSITIVE DIGITAL FOOTPRINT

Your digital footprint is anything about you or put out to you online

## 1. PRACTICE YOUR SELF CONTROL

continuing being authentic online, will help your credibility.

## 2. WHY ARE YOU POSTING IT?

Is it educational, entertainment or promoting reasons? Try your best online to not have a negative effect.

## 3. PRIVACY

Avoid putting your full name as your username, country/city, address and other meaningful info

## 4. BE KIND

Treat others the way you want to be treated. Post positive aspects about you always.

## 5. THINK

Basically, for every website, video or resource I looked/watched, they all have an acronym to follow. THINK. Is the info you are posting, true? Helpful? Inspiring? Necessary? And one I've said already, is it kind?
