Dear Parents or Guardians:

The Grade 11 and 12 PE classes will be participating in numerous out of school activities throughout the semester. These activities are designed to enhance the curriculum objectives for grade 11 and 12 Physical Education. These activities will greatly enhance the learning experience and we encourage everyone to participate.

An activity cost of \$75.00 will be applied to this course to cover the costs for the field trip activities the students (and teacher) select to participate in. This fee also covers the cost of transportation.

If your son/daughter does not participate in one or any of the selected activities, an alternate activity will be provided. This alternate activity must be completed to receive credit for the class time missed by not coming on the field trip.

This activity cost has already been included in your 2019/2020 school fees invoice. If this fee has been paid, please do not pay again. If this fee has not been paid, please do so online or at the office asap.

If you have any concerns or questions, please contact your son/daughter's PE teacher at 604-936-7205 or e-mail them directly.
